IN.IT DROP SHIPPING

Starting your own clothing brand has never been easier. All you have to do is set up your store, and In.It takes care of the rest.

Never heard of drop shipping before?

Basically, it's a form of retail business where the seller (you) accepts customer orders but does not keep the products sold in stock. Through In.It drop shipping, you're able to set up your own brand and online store, and never have to worry about hoarding stock, manufacturing garments, or running to the post office to send off an order.

Drop shipping saves you time, money, and most important of all, stress.

GETTING STARTED

SET UP

Click here to set up your Shopify store.

INSTALL

Next, you'll need to install the In.It Drop Ship app.

SUBMIT

Submit your artworks and designs.

Once your artwork has been approved, your products will be uploaded to your store. Add your profit, publish, and voila! You're ready to start selling your products.

ARTWORK REQUIREMENTS

Mock ups: You will need to submit mock-ups of your artwork/design on the garment for each style and colour. This is to illustrate the size and placement of the required print on the garment.

Print files: Your artwork/design for print needs to be submitted as a high res .png file with transparent background, ideally in the size you wish to print. This is to avoid loss of design detail in the print.

FAQ

HOW ARE THE ORDERS PLACED ON MY WEBSITE FULFILLED?

When a customer orders a product from your site, the order gets directed to In.It, where we print and ship the final product directly to your customer.

WHAT IS THE LEAD TIME?

Once a product has been ordered, we ship within 72 hours, and courier deliveries take from 1–3 business days.

HOW DOES THE SHIPPING WORK?

Shipping is automatically built in with the service, and costs R100 excl. VAT per delivery.

DO YOU OFFER CUSTOM PACKAGING?

Due to the nature of drop shipping, the process and packaging is standardized, so we do not offer custom packaging. Orders are sealed in a plastic bag along with the order sheet.

HOW DOES THE PAYMENT WORK?

Your customers pay you directly through your store, and In.It then sends on a monthly invoice for any orders placed. The best part about drop shipping is that there are no upfront printing and manufacturing costs!

IS THE FULL IN.IT RANGE AVAILABLE FOR DROP SHIPPING STOCK?

View our drop–shipping price–list and stock availability below to see what garments are available. Remember to keep this in mind when designing your products.

WHAT ABOUT RETURNS?

In.It will collect and replace any item that has been incorrectly printed, or if there are flaws in the garment. Size charts are provided to ensure the correct size is ordered, so should your customer order an incorrect size, they will need to order a new item.
